2. In addition to the excellent showing we had in raising monies for the Campaign programs, we experienced some "firsts" you should be aware of:

a. The Intelligence Community Staff was the first component to reach its designated goal.

b. Also, the Intelligence Community Staff had the largest percentage of employees contributing.

c. And, the Intelligence Community Staff was the first component to conclude the Campaign.

3. I think it is only fair to tell you that I believe the successes we experienced in this Campaign were due in large measure to your fine efforts as a Keyperson and, of course, to the generosity of employees of the Intelligence Community Staff! Your interest and responsiveness throughout the Campaign were indeed impressive. And, there were no unaccounted for pledge cards!

4. Please accept my appreciation and gratitude for your help in making our portion of the Campaign so successful. I am sure you are proud of this achievement and that your participation in this year's humanitarian endeavor is considered by all concerned as truly outstanding. Thank you.
